OUR STORY

Lost Property is a small, independent, family run business. We began our journey in a small premises in St George's Square in 2019. After surviving the COVID-19 pandemic, we expanded our menu, offerings and since 2022, expanded our premises. We are extremely proud of our new restaurant on Byram Street which can hold up to 60 guests.

Our Head Chef and owner, Paul Ellis, spent his youth working in some of the country's top Michelin star restaurants learning excellent culinary expertise. Eventually, he decided to bring his skills back to his home town of Huddersfield and found what was missing; a lovely restaurant that serves excellent coffee with a delicious menu of homemade, fresh food with a gourmet twist.
